

HIGH CAPACITY ORDERPICKER

REACH HIGHER. RUN LONGER.
WORK SMARTER.

Optimize your warehouse capacity and slotting flexibility with a truck specifically designed for the demands of today's on-demand economy. With a market-leading elevated height of 456", Raymond's High Capacity Orderpicker gives you access to one complete additional rack of storage.

The High Capacity Orderpicker is available with optional lithium-ion battery for reliable, longer lasting run times for superior productivity.

BY THE NUMBERS:

Compared to current published heights on the market, Raymond's High Capacity Orderpicker gives you:

- + 17% greater reach—1 complete rack higher
- + Access to 11% more pick slots for more SKUs
